WEEKLY REPUBLICAN—1907.
DAILY PUBLIC LEDGER—1899.

MAYSVILLE, KY., THURSDAY, FEBRUARY 26, 1903.

ANOTHER ONE.

The boy stood on the burning deck,
His shoes were full of feet;
He had with him a little drum,
And it was hard to beat.
He hit the thing an awful buff
And busted in the head,
And then he threw it in the sea
And went away to bed.
The ship burned down that awful night.
The boy—ah, where was he?
No one can tell, for he alone
Was on the ship you see.
The moral of this tale is this:
When you put out to sea
Don't be a little boy, or else
Let parlor matches be.

The company which gave "Way Down East" at the Opera-house last night was given an ovation by the Maysville people. A magnificent crowd was out to see a most popular production at the hands of capable actors and actresses. The play is one that appeals to the finer feelings of all who see it, and it is safe to say that no one left the Opera-house last evening dissatisfied with what had been done.

"Jim" and Crate England, brothers, and Emmett and Walter Gribble, two other brothers, mixed up Tuesday night at a dance in Covington, and when the smoke was shoveled out of the room Jim England was ready for the undertaker, Harry King had a ball in his thigh, and Shelby Wilhoit hired a Doctor to take a wad of lead out of his arm. Women out-screamed the clarionettes, and there was fun to burn.

HARBESON RENOMINATED.

The Vanceburg Judicial Convention Was a Harmonious Affair.

The Democrats of the Nineteenth Judicial District met in Convention yesterday at Vanceburg to nominate a candidate for Circuit Judge and for Commonwealth's Attorney.

As foreshadowed in the Precinct meetings of the several counties, Judge James P. Harbeson, the present incumbent, was the choice of the convention for renomination, there being no opposition.

For Commonwealth's Attorney, Mr. Thomas D. Slattery of this city had a walkover, no one competing with him for the nomination.

As might have been expected under the circumstances, the proceedings were harmonious throughout.

There was a large crowd in attendance and Vanceburg dispensed her usual hospitalities to the strangers within her gates.

GAITHER—BAILEY.

Mr. W. T. Gaither, aged 31, of Helena, and Miss Margaret J. Bailey, aged 28, of Fleming county, were married in this city yesterday afternoon by Rev. R. E. Moss of the Christian Church.

The bride is an accomplished and attractive lady, descended from worthy Virginia ancestry, and will grace her new home in this city.

The groom is an exceptional young man, long engaged in the printing business here, and too well known to need any introduction to the people of Maysville.

Mr. and Mrs. Edmonds will return in a few days and be at home to their friends at 935 East Second street.

THE Superior Court of Illinois decided recently that the state had the right to tax the Chicago Theological Seminary. The Seminary people appealed to the Supreme Court of the United States, and that Court has just handed down an opinion sustaining the state Superior Court. And why not? What right have wealthy religious organizations to run pay schools and colleges and hospitals free of taxation, while individuals engage in the same money-making enterprises are compelled to pay taxes? There are hundreds of millions invested in these institutions which should bear its equal burden of the public expense. To exempt Church property proper is perhaps well enough; but the exemption should go no further.

THEY do things differently in England; and while "Walking Delegates" have rights which "Corporations" are bound to respect, Corporations have a few rights which the Walking Delegate is made to respect. In accordance with an arrangement arrived at between the parties to the suit, the Court awarded the Traffale Railroad Company \$115,000 damages against the Amalgamated Society of Railroad Servants. After a long trial the case of the Traffale Railroad Company against the Amalgamated Society of Railroad Servants, involving many questions of great importance to trades unionism, resulted, December 19th, in a verdict in favor of the plaintiff. The latter complained of malicious molestation, picketing, intimidation, etc., during the strike of 1900.

MURPHY, The Jeweler.

SEVEN hundred thousand British wear American shoes; but this isn't comparable to the Americans who wear British snuff.

THE Times-Star says the last Democratic campaign issue was "something about crushing railway corporations or very like it; and 16,000 Democrats in Cincinnati voted 'agin' the railroads and everybody connected with them." Yet these same Democrats are now trying to get one of the wealthiest railroad Presidents in the country to run for Mayor of Cincinnati. Geewhiz!

HERE is what the mud roads of Maysville have cost each year for seventeen years past—

1886.....	\$ 9,397 41	1896.....	\$ 4,572 30
1887.....	6,284 17	1897.....	10,076 99
1888.....	6,109 78	1898.....	3,700 45
1889.....	5,125 85	1899.....	3,066 33
1890.....	5,449 75	1900.....	4,495 82
1891.....	6,258 12	1901.....	4,376 54
1892.....	6,660 75	1902.....	3,871 88
1893.....	21,673 36		
1894.....	9,002 06		
1895.....	6,831 16		
Total.....	\$116,955 72		

Just think of it—\$116,955.72 absolutely wasted, for we have just exactly the same sort of streets that we had before a dollar of this money was spent. If in 1886 the city had borrowed \$100,000 at 4 per cent. and built streets with that money, it would have cost the taxpayers \$4,000 a year for interest, or \$38,000 for the seventeen years.

The account would then look something like this—

What it has cost.....	\$116,955 72
What it would have cost.....	68,000 00

Saving to taxpayers.....\$ 48,955 72

Besides, we would have had seventeen years of the pleasure and comfort that follow good streets and clean surroundings.

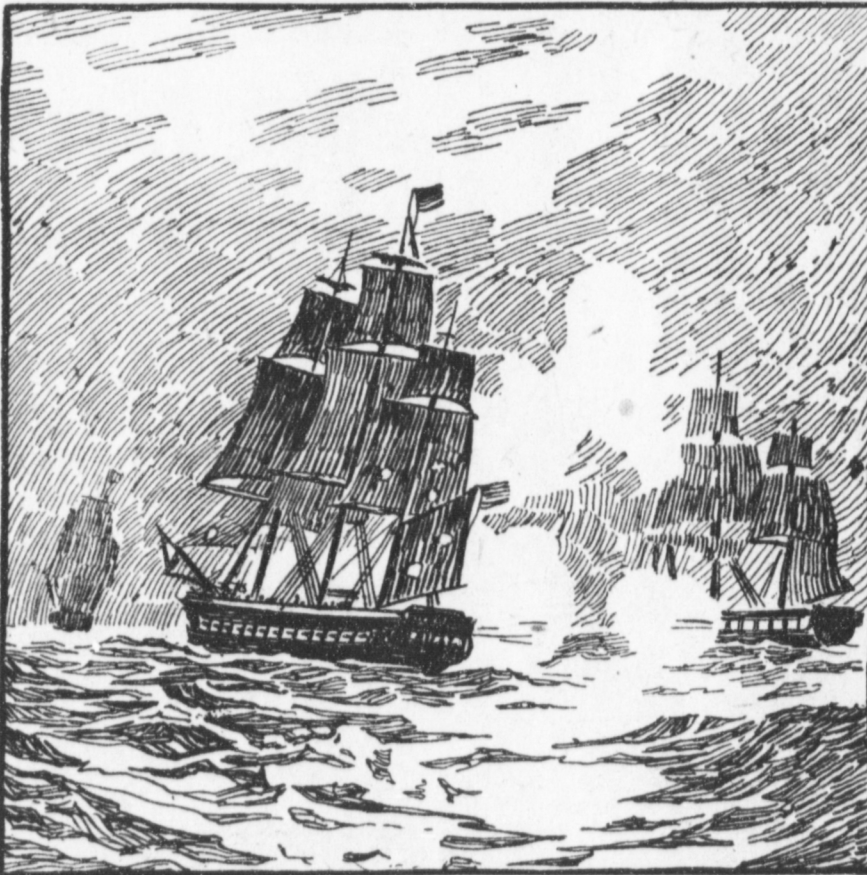

Political Pickings

NOTICE TO "POULTEY!"

Louisville Evening Post.

Poultey Bigelow declared that in event of a war between the United States and Germany "the Americans would get licked out of their boots," but there is no cause for becoming alarmed, as, in the first place, American soldiers do not wear boots, and if they did, and German soldiers "licked them out of their boots," they could and would fight in their stockings.

LESSON IN AMERICAN HISTORY IN PUZZLE

THE CONSTITUTION OFF THE HARBOR OF LISBON.
Find Capt. Charles Stewart.

One of the several brilliant victories of the Constitution during the second war with England was fought in the Bay of Biscay with the two English frigates, the Cyane and the Levant. The battle occurred on February 20, 1815, and though the English force was much the stronger Capt. Stewart, commanding the Constitution, displayed such remarkable seamanship, and kept his antagonists at such a disadvantage, that he forced both of them to surrender. The American loss was but four killed and ten injured, and practically no damage done the ship, while the English loss was 33 killed and 42 injured, and both ships practically destroyed. Both English captains blamed the other for the loss of the battle after they had surrendered, and Stewart offered to put them back on their ships and fight it out over again, but they had had enough.

Oliver

Gave to the world the Chilled Plow. The magical word Oliver is a guarantee of quality.

Mr. Oliver still controls the chilling process that has made the Oliver Plows so famous. Every genuine Oliver Plow Point or other repair has Mr. Oliver's name stamped upon it, and this name certifies that that piece is double chilled and will scour free and last almost twice as long as a part chilled in the imitation way. Notice one peculiarity of an Oliver Plow: Note this well, for it means much to you—An Oliver Point also includes the Cutter. When you put on an Oliver Point you have an entire new cutting surface; you virtually have a new plow. Upon other plows the point and cutter are separate, and you have to buy two parts at double the expense to secure a new cutting surface. Remember this, please: Oliver parts all fit nicely. An Oliver Point fits just as nice as the first one that was put on the plow. Oliver Mouldboards, Standards, Landsides all fit; your Oliver Plow works just as nicely when it is ten years old as it did the first year. We ask you to candidly say if this is the case with any other plow on earth. When you spend your money get all you can for it. The most value that a man gets in anything is an Oliver Plow. Oliver Plows are absolutely guaranteed.

Brief Mention of a Day's Important Happenings in This Big World of Ours.

Difficulty is being experienced in securing a jury to try the Indiana coal operators in Chicago.

The czar ordered the construction of a railroad so as to give employment to the Finns who are suffering from famine.

Hugo Jones, a chemist in the city laboratory of Chicago, has devised a battery for the production of electricity directly from coal.

In Holland an unmarried woman invariably walks on the right of her escort, while a married one takes her husband's left arm.

Through Postmaster General Payne, the President has again called attention to his policy in giving old soldiers the preference in making appointments, other conditions being equal.

Two bell boys arrested by the New York police confessed to numerous robberies at large hotels and clubs. They had planned to attend the coronation of King Edward to rob visitors, but abandoned the idea. Their New York robberies alone, it is alleged, netted them \$10,000.

When candle light is used the eyes are closed 6.8 times a minute. With gas light winking occurs 2.8 times a minute. With sunlight the eyes close 2.2 times with electric light 1.8 times. Scientists say this proves that of all artificial illuminants the electric light is the least injurious to the eyes.

An amendment to the Constitution, permitting the President General to serve two terms, regardless of previous service in other offices, was adopted by the D. A. R. Congress at Washington. It was the first skirmish in the fight for the office between Mrs. Fairbanks, the incumbent, and two opponents.

Two children were suffocated at their home in Brainerd, Minn., while their parents were absent at a ball given by the town fire department. The Mississippi Female College, at Meridian, Miss., burned and 200 girls had to flee in their night clothes. Other disastrous fires are reported from Pittsburgh and St. Louis.

The managers of the Paris metropolitan underground railroad have been persuaded by lovers of dogs to consider the question of providing special cars on their trains in which dogs and their owners can travel together, instead of the dogs being separated from their masters or mistresses, as at present is necessary.

Surgeon General Sternberg's report will show that of 919 men shot during the war in Cuba and the Philippines 586 were killed and 4,333 wounded. The mortality of those struck was 11.9 per cent., or one man killed for every 7.4 wounded. During the Civil War of 567,910 there were 111,288 killed, or one killed to 4.56 wounded.

Free medical dispensaries connected with the thirty medical schools of Chicago, together with the dispensaries conducted as charities, give aid to 105,989 patients every year at a total cost of \$44,229. His net profit was \$60,000 and the only injuries he sustained were a bruise on his foot and a rather bad wound on the leg. Sometimes one will be badly gored, but a week or two in a hospital will generally set him on his legs again.

Colonel Thomas A. Bingham, Superintendent of Public Buildings and Grounds, has concluded an exhaustive investigation into the statement recently published widely throughout the country that a sideboard presented to Mrs. Lucy Webb Hayes while she was mistress of the White House by the W. O. T. U. has passed into the hands of a Washington saloonkeeper. Colonel Bingham's investigation discloses very clearly the fact that the published statement has no foundation in fact.

The Easy Pill.
DeWitt's Little Early Risers do not gripe nor weaken the system. They cure biliousness, jaundice, constipation and inactive livers by arousing the secretions, moving the bowels gently yet effectively, and giving such tone and strength to the glands of the stomach, liver and bowels that the cause of the trouble is removed entirely. These famous little pills exert a decided tonic effect upon the organs involved, and if their use is continued for a few days there will be no return of the trouble. J. Jas. Wood & Son.

EIGHTEEN YEARS Of Intense Sufferings From Stomach Inflammation.

Mr. Clearwater Says: "Had It Not Been For Paine's Celery Compound I Would Have Died or Continued to Suffer Terrible Misery."

Stomach difficulties and distresses are varied in character and demand prompt attention. In the majority of cases the troubles originate from a morbid condition of the nerves of the stomach. If you suffer from dyspepsia, indigestion, inflammation of the stomach, or gastric derangements, the use of Paine's Celery Compound will banish your tormenting enemies. Paine's Celery Compound quickly tones and strengthens the stomach and its particular nerves, so that your food will enrich the blood and make solid flesh, bone, and muscle. Mr. Horace Clearwater, Kingston, N. Y., says:-

"Accept my sincere thanks for the great good I have derived from your life-saving medicine, Paine's Celery Compound, without which I would have died or continued to suffer terrible misery. While working in the manufacture of tobacco, I ate a small piece of liquorice which caused intense inflammation of the stomach, and for eighteen years I endured great sufferings. I had the services of doctors and used a vast variety of medicines, but did not get relief. Often in my agony I rolled over and over on the floor. I heard of Paine's Celery Compound and decided to try it. After I used the third bottle my pains were banished, and for ten years I have been well and strong. I am now 47 years old, and feel that I owe my present good health to Paine's Celery Compound."

WESTERN CATTLE MARKETS.

Report of Internal Commerce Shows No Substantial Loss in Live Stock Receipts at Five Leading Points.

The latest report on internal commerce, from the treasury bureau of statistics, shows no substantial loss in receipts of live stock at five western markets for the first third of this year. For the first four months of 1902, 10,076,373 head were received at these centers, compared with 10,106,495 head in 1901 and 9,735,324 head for the corresponding period of 1900. April receipts of cattle at these markets were considerably higher than those of April, 1901. Receipts of calves continued to exceed the arrivals of the two preceding years, but hogs and sheep both fell below the figures of 1900 and 1901. At Chicago the demand for live stock for city use and consumption for the month of April show a shrinkage of five per cent in all kinds of stock; but for the four months ending with April there was an increase of 11.69 per cent. over the requirements of 1901. April receipts at this point, however, fell off 3,232 car loads compared with those of April last year. For the four months ending with April receipts gained 3,019 car loads. This contraction in numbers during April is noticeable also at Kansas City and St. Louis in both receipts and shipments, while at Omaha and St. Joseph the first third of the year shows a gain in receipts and shipments.

WOULD WED ON THE "LOOP."

Indiana Swain Ready to Make the Perilous Trip Rather Than Fail to Get His Girl.

To be married while "looping the loop" at Chicago is the ambition of William Darrow, of Liberty, Ind. Mr. Darrow aspires to a loop wedding because he fears his intended will not consent to any other sort of nuptials. He has sent the following letter to the manager of the Chicago chutes and loops:

Dear Sir: A young lady living near Liberty has told me she won't marry me unless I will go to Chicago with her and marry in one of your loops. Now, she laughed when she said this like it was a joke, but she thinks a whole lot of me and she will keep her word. I don't know what the loops is, but she has rode in it and she says I wouldn't dare to go in one. If you will fix it for me I'll pay you well and fool her. If I couldn't get her any other way I am willing to go in the loops. Inclosed is a stamp for an answer. Please let me hear from you right away. Yours truly, WILLIAM DARROW.

The answer was a consent. If the couple wish to marry on the loop the management is willing to arrange for the ceremony to take place at the exact moment the car arrives upside down at the top of the loop. If necessary a special bridal train of two cars will be provided.

Patriotism in Public Schools.

LESSON IN AMERICAN HISTORY IN PUZZLE

GEN. JACKSON'S DEFENSE OF NEW ORLEANS. Find Gen. Parkenham.

The glorious victory of Gen. Jackson at New Orleans over the British forces under Gen. Parkenham was fought after the treaty of Ghent, bringing peace between the two nations, had been signed. The British forces numbered more than 8,000 men when they began the attack on the works around the city on January 8, 1815, and were considered the flower of the English army. The defending army was composed principally of untrained militia, negroes and liberated convicts, but among them were a large number of Tennessee and Kentucky backwoodsmen, and all were protected by fortifications of cotton bales. The final engagement lasted less than half an hour, but in that time the English lost 2,000 men in killed, wounded and prisoners, among them being Gen. Parkenham and several of his officers.

"To say a pleasant word to anyone was almost impossible."

"I was troubled with female weakness for eight years, and suffered more than I can tell," writes Mrs. Gust Moser of Ovando, Deer Lodge Co., Mont. "My disposition was affected to such an extent that to say a pleasant word to anyone was almost impossible."

"I had two operations performed by one of the most skilled surgeons of the West, but did not get relief. Then, against my doctor's strict orders, I commenced taking Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' and also followed the advice given in the Common Sense Medical Adviser. I continued this treatment for three months, and to-day am as healthy and well as a woman can be. I cannot thank Doctor Pierce enough for his kind letters to me."

Womanly diseases, as a rule, spoil the "disposition," because of the extreme nervousness and suffering they cause. Happiness as well as health is restored to the woman whose diseased condition is cured by the use of Dr. Pierce's Favorite Prescription. After eight years of suffering and two fruitless operations, three months' use of "Favorite Prescription" restored Mrs. Moser to perfect health. This great remedy for woman's ills, establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness. The Common Sense Medical Adviser, 1008 large pages, in paper covers, is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

This lake was formed in a former geological age by the collapse of a volcano.

FIT, STYLE and WORKMANSHIP

Has ever been produced, and the cost is no more for these fine tailored Suits and Overcoats than you pay elsewhere for the ordinary ready-made stuff. If you have never seen this finest production of the tailor's art we invite your inspection. Come in, try them on if you like, and you will say we have indeed told the truth.

In our Men's Furnishing Department we have all that's new, and useful gifts for the Holidays. See our corner window display.
